

## Are You Sitting (Too) Comfortably?

#### Are you TOO comfortable?

When we are in our comfort zone we feel confident and at ease, often feeling relaxed, snug even - and that can be a very pleasant place to be. The question is, have you overstayed your welcome?

"You can't grow without discomfort because all growth requires change. Change means things will be different - and when things are different we need to adapt and learn. So, when you feel uncomfortable it simply means you are growing. Celebrate!" Emma-Louise Elsey

#### Answer these questions briefly, before you score yourself below:

1.	When was the last time you tried something new?
2.	How much are you learning and growing right now?
	Do you feel you're doing too much - or not enough?
	When was the last time you took a risk?
	Do you feel like it's time for a shift - or a change?
